Overview

JDPOWER T130 Lifting Trolley is a multi-functional, lightweight solution for transporting heavy items safely and efficiently. With its foldable design, strong aluminium frame, and smooth mobility, it is ideal for use in logistics, courier services, warehouses, hospitals, offices, and retail environments.

Key Features

1. Effortless Operation – Labour-saving winch system supports a maximum load of 100 kg.
2. Quick Folding Design – Folds and unfolds in just 30 seconds, making storage and transport simple.
3. Smooth Mobility – 10" solid wheels ensure stability and easy movement, even on rough surfaces.
4. Lightweight & Portable – Weighs only 28 kg (including forks), allowing one person to handle and load it into a vehicle with ease.
5. Durable Wheels – Solid, puncture-proof wheels that eliminate flat-tire downtime.
6. Strong & Reliable Build – Constructed with a sturdy aluminium body for durability and a professional finish.
7. Safe & Ergonomic – Reduces strain and protects users from back injuries, providing a safer working environment.
